2021 Ace Awards

The First Tee – Jersey Shore Ace Award is presented to individuals and organizations that have a positive impact on the sport of golf and youth at the Jersey Shore.

GCSANJ Foundation

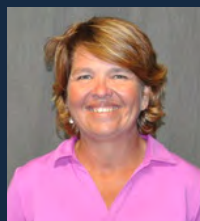

(Golf Course Superintendents Association of NJ Foundation)

The GCSANJ Foundation was founded in 1994 and is the philanthropic arm of the GCSANJ. The Foundation's purpose is to support the membership and

the game of golf through charity, scholarship, and research. First Tee of the Jersey Shore has been the fortunate recipient of funds and member volunteer support from the GCSANJ to help us maintain The First Tee Learning Center at Ocean County Park. The learning center serves thousands of people each year and provides a first-class learning experience for over 500 First Tee kids each year. A continuous commitment to our mission and generous support of our learning center make GCSANJ an ideal 2020 Ace Award recipient.

Michelle Melia

LPGA Class "A" Pro & Head Coach, Monmouth Univ. Women's Golf

Michelle Melia is a long-time and generous supporter of First Tee Jersey Shore. With 20 years of teaching and coaching experience in private and collegiate settings, Michelle's impact on local golf and youth at the Shore is notable. Michelle donates her time, talent and resources to support the mission of First Tee in ways that are too numerous to mention. Highlights include volunteer coaching First Tee/LPGA Girls Golf, event sponsorships, serving on the First Tee Women's Advisory Board, leading educational clinics for free to support First Tee, and leveraging her own personal connections to help generate new support and interest in our mission. Michelle's impressive golf career, personal support, and commitment to growing the game for females make her an ideal 2020 Ace Award recipient.
